The Biltmore

(By the House of Kuppenheimer)

HERE is that attractive and popular Kuppenheimer model—the BILTMORE.

It shows an understanding of the tastes and needs of a very large group of men. Men who wish to dress in unquestioned style—without forcing the fashion.

The BILTMORE depicts the much sought after quiet business suit, giving a man the self-assurance that comes from being well dressed, together with a sense of comfort in his clothes.

A notable fact about the House of Kuppenheimer is the large following it has among the substantial classes in business and the professions, men of affairs, office men, managers and the traveling public.

These alert men know what they want, they know values and it is largely due to their patronage and their influence that this is the fastest growing clothing business in America.

Prices—\$20 to \$40

HE SOON LEARNED HOW TO FARM IN CALIFORNIA

Louis L. Norton, who had been in the mercantile business "back East" for many years, came to Santa Clara County, Calif., four years ago, absolutely ignorant of farming. But he soon found that perseverance and pluck meant success. He has a fine fifteen-acre prune and apricot orchard that is bringing in over \$2,500 a year and this year expects his land to net him over \$150 an acre.

Are you doing as well? Are you clearing \$150 an acre? If you want to know how Louis Norton succeeded, and how hundreds of others are succeeding in the beautiful Santa Clara Valley, get out your pen and paper and write us a letter right now. Don't put it off until you have forgotten it. Clip this advertisement and simply send us your name and address with it. We will send you ABSOLUTELY FREE a splendid sixty-four page beautifully illustrated book describing the great Santa Clara Valley, the Garden Spot of California. Address
